Production summary

Terminal Index +45 (Breed Avg +31)

Self Replacing Index +54 (Breed Avg +40)

Breeder/Farmer

"Dubliner is the complete package, offering a pedigree with breed leading sires from all over the globe on both sides, as well as displaying exceptional length with great conformation and muscle definition. With a retail beef yield of +2.4 and a terminal index of +45 both ranking in the top 5%, this bull is sure to transmit carcass traits and conformation to all his progeny. His outstanding breed character and depth of pedigree also gives the impression that this bull will deliver style with a maternal index in the top 10% of the breed"

Boomer Birch - Beef Programme Manager
