Sire: JRI Top Secret
AI Code: ST0975

Dam: Hooks Pepe

MGS: BFCK Cherokee Cyn 4912

Ear Tag: UK702625501761

✓ Growth ✓ Maternal

Production summary

Profit Index - £12,819

Breeder/Farmer

"We specialise in suckler beef production, as a breeding finishing unit our main focus is that the cow has a low input high output ratio. Llewelyn has good all round figures focusing on maternal values with his progeny performing very well in Net Feed Efficiency trials. This will cut feeding costs and ultimately contribute in breeding an efficient cow."
