Sire: LCC Gravity
AI Code: ST0974

Dam: EGL P269

MGS: SLC Freedom

Ear Tag: UK 142374501560

✓ Growth ✓ Maternal

Production summary

Profit Index - £19,703

Breeder/Farmer

"He has been an outstanding bull for us; he has a very strong pedigree with maternal traits. Merlin has proven extremely easy calving. Progeny have low birth weights and high growth rates, whilst developing lots of conformation as they grow older. We are killing our first batch of Merlin progeny soon and are expecting them to grade very well and have higher than average killing our percentages."
