Breeder/Farmer

Titus originates from the outstanding Tibbie cow family at Blackhaugh and his father 'Blackhaugh Krocus L086' has been a consistent producer of easily born calves that show phenomenal growth and consistency in type. Titus is an exceptional medium framed bull with great muscle development and he is sure to be a bull that will suit many different markets as he models 200, 400 and 600 day weight EBV's in the top 15% of the breed. He also carries maternal traits including a milk figure of +17 and a self-replacing index of +57, both of which rank in the top 5% of the breed. (September 2017 information)
