Breeder/Farmer

Novak is an outstanding young bull displaying both length and strength in a moderate frame. This bull will make an impact in both pedigree and commercial herds. Sired by Clonagh Latin Lover, Novak will produce calves of high carcass quality. Novak boats EBV's for Eye Muscle Area within the top 10% of his breed and a Retail Yield in the top 15%. These aren't Novak's only favourable traits; in addition he offers a shorter than average Gestation Length and greater than average 400- and 600-Day Weights, this bull is one to watch.
