Breeder/Farmer

This bull's pedigree is packed with consistent quality and shape. Sired by Clonagh Latin Lover, Namid boasts EBVs in the top 25% of the breed for Carcass Weight and 400-Day Weight. In addition to this, he sits in the top 15% of the breed for Terminal Production and Self-Replacing Indexes. This young Simmental bull also possesses shorter than average Gestation Length within the top 25% of the breed and lower than average Birth Weights in the top 20%. Progeny from this bull will be born easily but show shape and style early.
