Breeder/Farmer

Philo is a fantastic example of the ease of management that the Aberdeen Angus breed offers. Sired by the heavily proven Dead Center; a leader for Calving Ease and Gestation Length traits, Philo ranks in the top 10% of the breed for Self-Replacing and Terminal Indices while also sitting in the top 1% for Calving Ease. This bull will make a positive contribution to any herd, bringing calving ease without compromising on growth and carcass traits.
