Sire: Newpole Icon
AI Code: BB1739

Dam: Renouee de St Fontaine

MGS: Odilon Van Perenhof

Ear Tag: UK 344206300202

Breeder/Farmer

Nice one is the first son to enter the programme from our proven sire "Newpole Icon". Icon was a heavily proven sire that produced a good quality without sacrificing any gestation length or calving ease. His dam Renouee was an outstanding female purchased from Belgium for the Newpole herd. Her pedigree carries proven bulls that consistently transmit muscle and growth to their progeny. Nice one offers an exciting combination of UK and Belgian genetics. We expect this bull to provide light blue roan calves that display real quality from birth.
