Breeder/Farmer

Elite Lacette was purchased in Southern Ireland earlier this year. Lacette Models all the attributes of a modern day Limousin with both five star maternal and terminal indexes. His dam is an exceptional cow that features in the flushing programme at Elite Limousins. His sire is the heavily proven bull Ampertaine Forman who combines calving ease and muscle. Lacette has had both maternal and full siblings that have been champions at both area and national shows. We expect Lacette to produce easy born calves that display muscle and growth from an early age. Lacette carries one copy of the F94L myostatin gene and one copy of the Q204X myostatin gene.
