Ear Tag: UK564821500119

✓ Growth ✓ Maternal ✓ Conformation

Breeder/Farmer

A well framed bull bringing confirmation and power to our Simmental line up. Nemo shows great promise in addition to a host of positive EBVs. Eating quality is a given; with this bull sitting in the top 5% of the breed for Intramuscular Fat and in the top 10% for Fat Depth. As well as eating quality, Nemo provides strong maternal traits including Calving Ease and a reduced Gestation Length. In Milk and Fertility EBVs he ranks in the top 25% of the breed. This bull is sure to produce productive dual-purpose calves, without compromising eating quality.
